LETTER FROM THE DEAN

SCHOOL OF EDUCATION

Welcome to the University of North Carolina at Pembroke and our Educator Preparation Program. The School of Education at the University of North Carolina at Pembroke is preparing competent, committed, and collaborative teachers for North Carolina. We are excited you've joined us in your journey to becoming a Brave Educator and licensed teacher. Every success story starts with a teacher, and this journey will provide a pathway toward your success. Graduates of the University of North Carolina at Pembroke Educator Preparation Programs become teachers, administrators, and leaders who change lives through education and practical experiences. From your classes at the University of North Carolina at Pembroke to your clinical field experiences in our local schools, you will be prepared to lead the next generation of students. We are committed to achieving the highest goals for the greatest good for the students we serve across North Carolina. Whatever your ultimate destination, you can get there from here.

Checkpoint 3

ADMISSION TO THE EDUCATOR PREPARATION PROGRAM (EPP)

The Council of Educator Preparation Programs (CEPP) selectively admits and periodically evaluates students in the Educator Preparation Program (EPP) on the basis of scholastic aptitude and suitability for teaching.

Admission into the University as a student does not automatically satisfy eligibility requirements for admission to the Educator Preparation Program. Eligibility for admission into the Educator Preparation Program will be determined by regulations current at the time initial application is made for admission into the program.

To be eligible for consideration by the Council of Educator Preparation Programs and approved for admission to the Educator Preparation Program, each undergraduate candidate must:

1. Have completed 24 hours of General Education courses.
2. Have earned a "B-" (2.7) or better in EDN 2100 Introduction to Education or the approved equivalent course.
3. Have earned a grade of at least a "C-" (C if the course was repeated) in all required professional studies core, content pedagogy and content courses completed at the time of admission, with exception of EDN 2100, which requires a grade of "B-."
4. Have at least a 2.7 cumulative Quality Point Average (QPA) on a 4.0 scale on all prior college/university course work.
5. Meet the state established scores on Praxis Core, SAT, or ACT. An official copy of the scores must be sent to UNCP (UNCP code: RA5534). Students must meet the scores in effect at the time they apply to and qualify for admission to the Educator Preparation Program
6. Complete an Educator Preparation Program (EPP) Admission Form in Taskstream.

MAT Candidates are admitted after successful completion of EDN 5040 Basic Tenets of Education with a grade of B or better. Complete the Educator Preparation Program Admission Form in Taskstream.

Clinical Practice

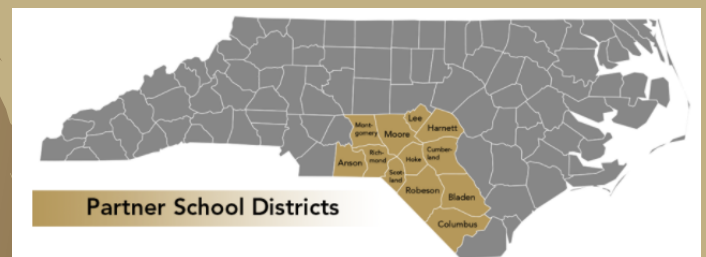

Early Clinical Experiences (Field Experiences)

Clinical experiences are required parts of your program and you should expect to complete a clinical experience every semester. To request a clinical experience placement the following steps must be completed each semester:

1. Register for EDN 2040 (undergraduate) or EDN 5460 (graduate).
2. Complete the survey in Braveweb prior to the due date.
3. Follow the district's procedures for background checks and other paperwork prior to the due date. (Directions for our partner districts are located in EDN 2040 and EDN 5460. See the map of our partner districts below).
4. Follow the directions provided to you by email once your placement has been confirmed.
5. Complete your assignments.

Clinical Practice (Student Teaching/Internship)

The final two semesters of your program are considered a part of clinical practice. Clinical Practice I consists of at least 40 hours of clinical experiences that will prepare you for your full-time internship during Clinical Practice II. Both Clinical Practice I and II require you to document your progress in Taskstream. You will also complete the application process for Clinical Practice II during your Clinical Practice I semester. For more information about Clinical Practice, including admission requirements for Clinical Practice II, see The Clinical Practice Handbook.

EPP Procedures and Appeals

EPP Manual

The Council of Educator Preparation Programs is the University-wide committee responsible for overseeing all educator preparation programs and updates the EPP Manual. The EPP Manual is available on the [Student Forms](#) page on the School of Education website. Students should consult EPP procedures throughout their program and with their advisor to use this handbook as a guide.

Appeal Process

If a student has an appeal for an EPP policy, they will complete [the Student Appeal form](#) also available on the [Student Forms](#) page on the School of Education website. The request is reviewed by the Policy Appeals Committee.

Student Complaints

If an appeal is not warranted, please share your concern with the Dean's office using [the Student Complaint form](#). If applicable, students should first address concerns with their instructor and the Department Chair. For university policy complaints, students should see the [Student Complaint Process page](#).

Educator Dispositions

Developing and demonstrating appropriate educator dispositions is an integral part of a candidate's growth to becoming a Brave Educator. Candidates will be assessed throughout their program and should use this handbook as a guide. [Educator Disposition Implementation Guide](#)

TASKSTREAM

TASKSTREAM INFORMATION

Taskstream is the online tool used by the School of Education to track a student's progress through the Educator Preparation Program (EPP).

Enrollment in EDN 2040 and EDN 5460 comes with a fee that pays for you to have a Taskstream account through UNCP. If you do not enroll in one of these classes alongside your regular EDN curriculum you will have to pay out of pocket and set up your own Taskstream account to properly move through the EPP.

Praxis Core

The Praxis Core Academic Skills for Educators tests measure academic skills in reading, writing, and math required for all candidates preparing to be teachers. These tests were designed to provide comprehensive assessments that measure the skills and content knowledge of candidates entering teacher preparation programs. For additional information, go to the website <https://www.ets.org/praxis/about/core>

Praxis Core Testing Requirements

The minimum required scores are listed below for individual tests.

Core Academic Skills for Educators: Reading
(Test Code 5713) = 156

Core Academic Skills for Educators: Writing
(Test Code 5723) = 162

Core Academic Skills for Educators: Math
(Test Code 5732) = 150

A composite score of 468 on all three tests is required to satisfy this requirement.

Praxis Preparation

Having the right tools to prepare for your Praxis test can help you achieve your professional goals. Please visit the website below for free and fee-based Praxis test prep resources to assist you.

<https://www.uncp.edu/academics/colleges-schools/school-education/educator-preparation-programs/praxis-preparation>

Fee waivers are available for students who meet all eligibility criteria. For fee waiver information, visit <https://www.ets.org/praxis/register/fees/waivers>

Praxis Registration

Register online to take a Praxis test by going to the website <https://www.ets.org/praxis/register/> Please be sure to include UNCP as a recipient and the UNCP code: RA5534.

Praxis Core Continued Exemptions from Praxis Core testing requirements

The SAT or ACT may be used in place of the Praxis Core tests or in conjunction with the Praxis Core to meet testing requirements.

The minimum SAT/ACT requirements to be exempt from the Praxis Core are:

Required Tests and Scores for North Carolina Licensure

NC State Board of Education Licensure Examination Requirement

- All candidates for initial licensure in North Carolina must submit qualifying scores on the appropriate edTPA performance-based, subject-specific assessment.
- In addition, all candidates for initial licensure in North Carolina must earn passing scores on licensure exams as defined by current NC State Board of Education (SBE) policy (note: current SBE policy does not require an exam for Birth-Kindergarten licensure).
- In the areas of Elementary Education or Special Education, candidates must earn satisfactory scores on the Foundations of Reading test for North Carolina and PRAXIS Content Knowledge for Teaching (CKT) in Mathematics.
- All Middle Grades, Secondary and Special Education candidates must pass the designated PRAXIS II specialty area test(s). Middle Grades and Secondary candidates must pass the principles of learning and teaching or exempt with a passing EdTPA score.
- See the program coordinator or director for information about licensure exam requirements.
- Candidates must have their scores sent directly to the university (UNCP code: RA5534) and the NC Department of Public Instruction by the testing company.
- Candidates should begin their application for the license during the Clinical Practice 2 internship semester.
- Information about the licensure requirements are available at the following websites:

COMMUNITY AND CIVIC ENGAGEMENT

SERVICE LEARNING

ACADEMIC SERVICE-LEARNING

Academic service-learning is a teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities. At UNCP, faculty and students take part in service-learning to enhance learning and achievement in a wide variety of majors and minors, supported through a partnership between UNCP's Office of Academic Affairs and Division of Student Affairs.

Faculty and students benefit from service-learning in many ways. It helps you become someone who has the perspective and tools to solve problems and skills that will set you apart in your professional life. What's more, it gives you the opportunity to develop your personal goals and values at the same time you accomplish your academic goals. Finally, service-learning empowers you to take part in the life of our community, as an informed voter, a team player, and an effective leader.

Thank you for your interest in service-learning. Please refer to the menu to the right as it includes a variety of resources available through The Office for Community and Civic Engagement to learn more about academic service-learning, see what other academic-service learning faculty have done in the past, and view current academic service-learning designated courses.

For additional information on incorporating academic service-learning into your course curriculum, contact Sandy Jacobs, Associate Director for Service-Learning, at 910-775-4598 or sandy.jacobs@uncp.edu.
