October is Major Madness!

Make a statement, a Declaration!

We hear ya. You haven't declared a major yet and it's keeping you from registering for spring classes. Here's how the Career Center can help:

- **Individual career coaching** - We can help you identify and narrow down your interests.
- **Interest inventories** - Take a brief questionnaire to help you figure out what you like doing best.
- **Peer support** - The Career Peers are hosting a series of major-related discussions as part of "Career Talk Tuesdays."

It's a major decision and you don't have to make it by yourself. Stop in, gather information, and get started on a successful career!
