Finding Journals by Title

Access: Go to the Library's homepage at www.uncp.edu/library/. Click **Journal Title List**.

Title Search: The search screen opens when you access the *Journal Title List*. Enter the journal title (not the article title or your research topic) you are looking for in the **Search for Titles** box and click the **Search** button. You do not need to know the exact title of the journal, only significant words in the title. For example, if you were looking for the journal *Studies in Art Education*, but you could not remember the whole title, you would simply enter **art education** (see image below).

Pay close attention to the start and end dates of the full text (see image below). A message “Embargo: 1 year” (or 6 months, etc.) indicates that the recent issues of the journal title are not available electronically. If the range ends with *present*, online access continues through the latest available issue.
