

BRAVES PACK FOR SUCCESS

Packing for your on-campus home can be a lot of fun, but we recommend packing for success. Residence halls have limited space, and there is no extra storage accessible outside of your designated space.

It is a good idea to explore sharing larger items with your roommate to save space. You should contact your roommate ahead of time to discuss the items that each of you will be responsible for bringing.

Based on room layout, each resident is assigned a bed, a dresser, a desk and chair and a wardrobe or closet. All furnishings must remain in the room throughout the year. Residents are not permitted to remove or store any belongings, outside of their assigned living space, for any purpose.

Here's a helpful checklist to start your packing!
