**UNIVERSITY REQUIREMENTS**

___ BIOLOGY WRITING IN THE DISCIPLINE - BIO 4700 (WD) Strongly Recommended ( ) WRITING INTENSIVE PROGRAM: Students must complete a combined total of 9 credit hours of Writing Enriched (WE) and Writing in the Discipline (WD) coursework. One course <u>must</u> be a WD course (of any number of credits) and can be BIO 4700 or any other WD course. BIO 4320 (above) will count as 4 WE hours, so you will need at least 2 more hours of WE or WD coursework, which can come from any discipline. Double majors need only fulfill the Writing Intensive Program requirement once. It is recommended that you “double dip” by taking a Biology elective or General Education Requirement that is also designated as WE. NOTE: Successful completion (grade of “C” or better) of ENG 1050 is a prerequisite for all WE or WD courses.	3
___ INDIGENOUS CULTURES AND COMMUNITIES (ICC) - Students entering the university in Fall 2023 or later shall complete the ICC requirement for graduation. Students may satisfy this requirement by completing two 3-credit hour ICC-designated courses. Students who transfer over 60 or more hours shall complete one 3-credit hour ICC course. BIO 4320 (above) will count as 4 ICC hours. Designated ICC courses can satisfy other graduation requirements such as General Education and/or Writing Intensive Program requirements (see above); it is possible to “double dip” or even “triple dip” (e.g., MUS 1210 may satisfy a Fine Arts, WE, and ICC requirement). _____( ) _____( )	3-6

**General Advice:** You will be taking numerous lab courses for this degree. If possible, begin lab courses your freshman year so they don’t “stack up” in your junior and senior years, because lab courses can create scheduling problems and heavy workloads. Complete your 1000-level Chemistry and Biology courses by the end of your sophomore year. Be aware of any courses you want or need that are offered only once a year, or once every two years. The Biology Department website lists the offerings of such courses on the “Course Offerings” page. <https://www.uncp.edu/departments/biology/undergraduate-programs/courses/bio-undergraduate-course-offerings> It is recommended you create a 4-year plan to anticipate the scheduling of these courses.
